Profile

Passionate about programming and growing in the digital environment.

Worked as a WordPress developer creating responsive Web Pages. Experience in developing these sites effectively using HTML5 and CSS3 in making them cross-browser compatible. Proficient knowledge of search engine optimization (SEO). I have a hands on experience with Bootstrap and familiarity using version control systems like GIT.
Python self taught and knowledge of C# acquired while taking a course in creating games in Unity.

Education

University of Tirana, Bachelor in Computer Science

Oct 2018 — Jul 2021   ◉ Tirana

Employment History

WordPress Developer, Intermedia Sh.p.k

Aug 2021 — Present   ◉ Tirana

Set up and maintained over 100 SEO optimized WordPress websites, created content on each site, used plugins, and Elementor as a website builder while also working with HTML and CSS for more customization. Fixed bugs in PHP files which helped me improve my understanding on it. I gained skills in SEO and an understanding on WinSCP software.

Internships

FrontEnd Intern, BeePro Sh.P.K

Oct 2020 — Mar 2021   ◉ Tirana

In this Front-end Internship I finished tasks coding Semantic HTML, using CSS and JavaScript which helped me improve my understanding on these building blocks of the Web. This internship also gave me the startup experience on using the Bootstrap Platform and GIT.

Courses

Course on Introduction to Video Games Creation

Oct 2021 — Present   ◉ XAMK Open University - Finland

Gaming started as a hobby for me a while ago and I got more and more interested in the way they were created, built and coded. That's why I started this online course and through

it I am learning how about different software packages such as Krita, Blender and coding with C# in Unity.

Extra-curricular activities

English Interpretor, Integral Group

Dec 2020   📍 Tirana

Volunteered as an English Translator and Interpretation in the 8th Edition of World Education Fair, organized by Integral Education Programs.

Get to know me

I have been passionate about problem-solving and patterns since I was a kid, and that's why puzzles and pencil games are the hobbies I chose in my free time. CSS Battles are now added to the list.

I am am friendly, ambitious, I like challenges and I am ready to learn and grow more in a different environment. I have become eager to expand my knowledge in React Js & NodeJs.
